Property Distribution

The 192 m² villa is arranged over two floors. The ground floor provides the principal living accommodation, comprising a spacious lounge, glazed dining room, fully equipped kitchen, two double bedrooms and a bathroom with shower.

An internal staircase leads to the upper landing, where two further bedrooms and a second shower bathroom are located. The master bedroom also benefits from its own balcony terrace, from which there is a small glimpse of the sea.

Full Property Details

Approached through a fully enclosed plot, the villa immediately offers a practical combination of private outdoor space and parking. There is gated covered parking together with an open parking area providing sufficient room for several vehicles, or potentially a motorhome or boat.

Inside, the main living room is a comfortable central space with a feature chimney and a newly installed pellet-burning stove. The adjoining glazed dining room benefits from views across the garden and provides direct access towards the pool terrace, creating a useful connection between the indoor and outdoor living areas.

The modern kitchen is fully equipped and positioned conveniently alongside the main living spaces. Two double bedrooms and a shower bathroom complete the ground floor.

Upstairs, the landing connects two additional double bedrooms with a second bathroom fitted with a shower. The master bedroom has the added benefit of a private balcony terrace and a small sea glimpse.

Outside, several terraces provide different areas for dining, relaxing and enjoying the south-facing setting. The private swimming pool is heated using both a heat pump and solar heating, extending its usability beyond the warmer summer months. Various garden storage areas are also provided, including a dedicated store room incorporating the laundry facilities.

For year-round comfort, hot and cold air conditioning is installed in the living room, dining room and all four bedrooms. Full gas central heating with radiators provides an additional heating system, while the 6.16 kW solar installation can considerably reduce the property's electricity bills.

Coastal Living Around La Fustera

The location provides a particularly appealing balance between a residential setting and access to the coast. La Fustera is home to a sandy beach, supermarket, restaurants and beachside tapas bars, while the Paseo Ecológico de Benissa provides a coastal walking route linking a succession of attractive bays.

From the La Fustera area, the coastal footpath passes the beautiful Cala dels Pinets, Cala Llobella and Cala de l'Advocat, continuing towards the marina of Les Bessetes, Cala del Mallorquí, Cala la Calaga and onwards to Calpe centre.

For buyers considering real estate in Benissa or searching specifically for a villa for sale in La Fustera, this property combines four-bedroom accommodation, substantial private grounds, a heated pool and useful energy-efficient features within an established coastal location.
