Project Overview

Sea Breeze brings together resort living and a practical investment on the Hurghada coastline. The architecture is calm and considered, with warm stone facades, glass balconies and perforated screens. Inside, travertine, warm wood and bronze give the interiors a refined, natural feel. Sea-facing apartments like this one offer the views and privacy that holiday guests look for, which supports strong rental appeal. It also works well as a comfortable base for your own regular stays by the Red Sea.
