Offering exceptional flexibility, it is ideally suited to a holiday rental business, a family home or a multi-generational living project.

A property with multiple possibilities

The ground floor comprises two apartments of 125 m2 and 40 m2, while the first floor, accessed independently via an external staircase, offers two additional apartments of 50 m2 and 49 m2.

This configuration allows each living space to remain independent while offering a range of possible uses. The two ground-floor apartments could also be combined to create a larger living area.
