Invest, enjoy and experience complete peace of mind by the Mediterranean

Discover a unique new development in Torre Vieja, where property investment is combined with the comfort and service of a hotel. Ideally located just 300 metres from the Mediterranean Sea and within walking distance of shops, restaurants, lively bars and all everyday amenities, this exclusive development has been designed specifically for tourist rentals.

The project consists of just 24 luxury apartments and 3 exclusive villas, creating an intimate and distinctive concept. As a buyer, you become the full owner of your apartment or villa, while the tourist rental management is professionally taken care of on your behalf. This allows you to benefit from Torre Vieja's attractive holiday rental market without having to deal personally with bookings, guests or the day-to-day management of the property.

And best of all: whenever your property is not rented out, you can enjoy it yourself. This allows you to combine an investment on the Costa Blanca with your very own place in the Spanish sunshine.

All properties are delivered fully furnished, fully equipped and ready to enjoy, with particular attention to luxury, comfort and style. A choice of 1, 2 and 3-bedroom apartments offers attractive opportunities for different types of investors and holiday guests.

The development features more than 1,200 m² of communal areas, designed to provide guests with a complete holiday experience. High-quality facilities combined with hotel-style hospitality ensure comfort, service and relaxation from the moment guests arrive.

The location completes the concept. Within just a few minutes you can be by the Mediterranean Sea, while the vibrant lifestyle of Torrevieja is right on your doorstep. Restaurants, terraces, shops and everyday amenities are all within easy walking distance, meaning a car is hardly necessary during your stay.

This project offers much more than simply owning an apartment on the Costa Blanca. It is a fully managed tourist property concept, bringing together ownership, rental management, personal use and hospitality.

Your own property in Spain. Professionally managed and rented when you are away. Yours to enjoy whenever it is available.

An attractive concept for anyone looking for a property investment in an excellent location while also enjoying the opportunity to have their own place by the Mediterranean.
