Why Investing in a Top Floor Flat in Los Balcones is a Smart Move

Los Balcones is a rapidly growing residential area located in the south of Alicante, Spain. One of the most popular investments in Los Balcones is a top floor flat, and it's not hard to see why. This new residential complex consists of 67 exclusive bungalows with 2 and 3 bedrooms, all with garden or solarium, and all with large terraces. The car parks and storage rooms are located in the basement and are included in the price. This is an excellent opportunity for investors to purchase a top floor flat and make a smart investment decision.

More Privacy and Security (less noise)

Top floor flats offer more privacy and security as they are located away from the street level, making them less accessible to outsiders. This means that you can enjoy peace of mind knowing that your property is safe and secure.
