Warehouse houses of large dimensions of architecture in iron type "loff" and masonry in stone, consisting of 2 houses of employees in a reasonable state of conservation.

Great access given the proximity to the national road that connects Évora to Beja, and also with the Railways.

With electrical system and water from the public network properly installed, this space is ideal for the installation of companies in the agricultural industry (wine, cereals, livestock), or even for a project of touristic or socio-cultural nature.

In these facilities, worked the First Agricultural Cooperative of the country, so it is a historical set not classified.
