Описание:

Apartment with 2 Bedrooms 2 Wc's
Zone for Treatment of Clothing Collection
Proximity of Commerce and Services

Located on the outskirts of the city of Ponta Delgada, from which it is about three kilometers, it is bordered to the north by the parish of Fajã de Cima, to the south and east by that of S. Roque and to the west by that of S. Pedro (urban).

Of little rugged soil, it is low and flat in its central space (hence the name of Fajã), from where only two hills stand out, the highest of which is called Pico da Abelheira, with 131 meters of altitude.

For the excellent position it occupies in relation to the city, Fajã de Baixo has always been a privileged place of summer and its landscape, covered with the target camp of the greenhouses shining in the sun, still has to characterize it some manors of beautiful moth, with its emblazoned porticoes, its votive hermitages and the framework provided by farms, orchards and leafy old gardens. - REF: 326/A/03427
