For some time now, we have been searching the world for the next BIG THING, and many of our clients have expressed a desire to own a property in a ski resort (with Summer activities), but for an affordable price, gone are the days of buying cheap property in France, Italy, Austria or Spain, and with the saturation of cheap properties in Bulgaria's Ski resorts (along with various other pitfalls) we concentrated on regions a little further afield, coupled with our extensive knowledge of the Georgian property market, we have finally found it!!!

Located in Europes NEXT BIG THING, we are proud to announce the exclusive development in Gudauri, just a 2 hour drive from Tbilisi, withdirect flights available daily from most European cities, lift passes at a fraction of those in the Alps, and some of the best snowfall anywhere in Europe, the region really is going to be a mecca for all snow and mountain enthusiasts.

We are offering fully built and luxuriously furnished apartments from Just £37,000, studios one and two beds are available but supply is limited, coupled with up to 75% Bank Finance, this really is a no brainer and sure to sell out fast
