Описание:

Discover the perfect investment opportunity in Bali real estate. Nestled in the serene village of Buwit, Tabanan, this 500 sqm leasehold land available in 3 plots, offers a rare opportunity for buyers seeking tranquility, natural beauty, and a lucrative investment in Bali's thriving property market. Boasting jungle and river views, this plot is surrounded by lush landscapes with no construction nearby, ensuring privacy and peaceful surroundings. Its strategic location in a yellow zone—perfect for residential or commercial development—makes it ideal for building your dream villa, luxury retreat, or rental investment property.

Whether you are planning to build private villas, a boutique complex, or keep it as a land investment for future value appreciation, these plots offer excellent flexibility. The size of each plot provides ample room for modern villa concepts with private pools and landscaped gardens, while still maintaining manageable proportions for efficient development. Investors will find this option particularly appealing due to the steady demand for property in the Buwit–Canggu corridor.

The land is strategically positioned to capture the growing market interest in Bali's expanding residential and lifestyle areas. With its zoning status, prime location, and potential for both personal and commercial projects, this property stands as a smart choice for anyone looking to secure land in Bali's thriving real estate market. Whether purchased individually or together, these plots present a rare chance to invest in a promising and sought-after location.
