Описание:	

In a small and traditional hamlet dating back to the 1600s set in the Chianti hills, with wonderful views of vineyards reaching as far as San Gimignano. Completely to be renovated with care to preserve some features of historical value, the property consists of two farmhouses and three barns for about 1300 square meters. Surrounded by 7000 square meters of land planted with olive trees.

It can be transformed into a receptive structure with the realization of a swimming pool. Only one building in the Borgo has been partly renovated. It is also possible to purchase only a portion of it. Wide possibilities of customization.
