Описание:

One of the few remaining villas with gigantic and unobstructable sea view in first line for sale. Adjacent to a very large green zone in a quiet residential area is this beautiful villa. Through the property you can go directly to the sea where you can swim from a natural platform. The breathtaking view, already from the entrance of the house includes the entire bay of Palma, PuertoPortals, Costa d'en Blanes, Punta Negra etc. The villa, built in 2000, was extensively refurbished/renovated in 2019/2020 and a new pool was added (salt)

Palmanova is a popular holiday destination in Mallorca, because it has beautiful sandy beaches. Palmanova is a seaside resort with a wide, shallow bay and three excellent fine sandy white beaches with clear turquoise waters: Son Maties, Na Nadala and Es Carregado. On the side of the bay facing Son Caliu there is a small marina. The town is located in the heart of the popular southwest region and is a good starting point for various excursions to this part of Mallorca. Families like to come here, as do retired part-time residents from all over Europe.
