Turnkey-Ready Project | 59.200m² Plot | Approved 1,581.70m² Build | Luxury Surf Eco-Lodge Concept

In the heart of one of Europe's fastest-growing tourist destinations, Ecolodge-Lagos offers a rare opportunity to capitalise on the booming surf and wellness tourism sector in the Algarve. This fully approved and ready-to-build project presents a unique, upscale eco-lodge concept aimed squarely at a high-value niche market of surf enthusiasts seeking luxury, nature, and authenticity.

Why Ecolodge-Lagos?

Surf tourism in the Algarve has seen exponential growth in recent years, with Lagos emerging as one of the top destinations for international surf travellers. Yet, the market still lacks a true high-end surf-centric resort that combines eco-conscious design, laid-back luxury, and a seamless connection to nature and local culture. Ecolodge-Lagos fills this gap.

Strategic & Scenic Location

Perched on a private hillside just minutes from the historic center of Lagos, this site enjoys panoramic views of the ocean, marina, and surrounding countryside. It offers the perfect balance of seclusion and

accessibility, with beaches, surf spots, restaurants, and nightlife all within easy reach. Its a location that simply cannot be replicated.
