Описание:	

The town of Pleubian is located on the coast between Paimpol and Tréguier. Located in L'Armor-Pleubian (22610), this 702 m² plot of land offers a rare opportunity to acquire a space suitable for construction, 1 kilometer from the beach and the famous Sillon de Talbert and only 220 meters from the first amenities. Its proximity to the coast makes it a privileged place for lovers of the sea and outdoor walks.

With a surface area of 702 m², this demarcated, unserviced building plot offers exceptional potential for realizing a tailor-made real estate project. Ideally proportioned, it allows the construction of a residence with personalized architecture.

Provide individual sanitation. The water and electricity networks arrive near the land.
