Описание:

Commercial premises of 166 m² are rented distributed over two connected floors. The floor at street level, with 37 m², is perfect as a reception, shop window or customer service area, while the lower floor offers 129 m² of open space without pillars that hinder the distribution, ideal for exhibition, storage or work area. The place is air-conditioned and located next to a park, which provides visibility, pedestrian traffic and a pleasant environment. The owner is willing to grant a grace period to facilitate the adaptation works that the future tenant requires. According to the technical report, it is not possible to install a smoke outlet, so catering activities with a kitchen are ruled out. Due to its size and location, it is ideal for a specialized store, showroom, commercial office, academy or professional studio. For more information or to arrange a viewing, please get in touch.
