We are delighted to present to you this wonderful large family home, located in a popular area and close to the centre of Ciudad Quesada. Just a short walk away from the villa you have some bars and restaurants, and the centre of Ciudad Quesada has all amenities you may need including supermarkets, banks, doctors, pharmacy and more.

This villa sits on a generous plot of more than 720m² and is separated into two living sections. Outside you have beautifully manicured south facing gardens, plenty of off street parking and a closed garage, a large solar heated private swimming pool, a fully equipped summer kitchen with glass folding doors to enjoy all year round, an outside poolside bathroom with shower, storage room and much more.

From the curved sunny terrace you have access to both sections of the property and also a shared utility room. The first part of the house is all on one level and has a large spacious living room and modernised kitchen, with a fireplace for cosy warmth in the winter. There are two double bedrooms and a shared bathroom. The property comes with air conditioning throughout and central heating.

Next door from the shared terrace you have access to the other section of the house, which is built over two levels. On the ground floor there is a charming living room and kitchen, and a bathroom. Upstairs

you have three large double bedrooms, with the master having a lovely small terrace with views to the sea and lakes. There is also another family bathroom upstairs on this level. This part of the property also comes with air conditioning and central heating.

The villa is perfect for a shared family home, or for a larger family with some members who prefer their own privacy! It is sold completely ready to move into – no work needed here – and fully furnished.
