Описание:

Land with 11160m2 of area with superb sea views in São Jorge.

The land consists of an area of forest, vineyard, agricultural construction (Lagar) and has a fabulous promontory with panoramic views of the north coast of the island of Madeira.

According to the PDM of the Municipality of Santana, the land is inserted in REN (National Ecological Reserve), so any urban operation is extremely limited and will be subject to a binding opinion of the competent entities for the management of these areas. - REF: 124561039-244
