Land with Approved Project and Sea View — The Beginning of Your Dream Home

We present you with a truly exceptional opportunity: a 952.4 m² plot of land with an approved project, paid licence and a 2-year deadline for completion of the work. An ideal setting for those looking to build a distinctive home with stunning views and every detail carefully thought out.

The project includes a contemporary home with elegant lines, perfectly integrated into the land and oriented to maximise the unobstructed sea view.

Main features of the project:

- *3 bedrooms, including a large master suite with en-suite bathroom;
- *Garage for 3 cars, with integrated storage area;
- *Lifting platform for greater comfort and accessibility;
- *Open-plan living room and kitchen, with direct connection to the outside;
- *A generous patio that invites socialising and tranquillity;

*And, of course, a magnificent private swimming pool, perfect for sunny days, with the sea as a backdrop.

This is a rare opportunity to build a home tailored to your needs, in a place where the sea, natural light and tranquillity define the lifestyle.

This is not just a plot of land — it is the first step towards a new way of living.
