Описание:

103 sqm home located in one of the most sought-after areas of Bègles, just a few steps from shops, schools and public transport.

It currently offers two bedrooms, a semi-open study area and a dressing room with WC adjoining the main bedroom.

Its layout allows for real evolution: the creation of a third or even fourth bedroom, a master suite, or the optimisation of the existing spaces according to your needs.

The semi-open kitchen with its counter flows naturally into the living area. The bathroom includes a shower, and comfort is ensured all year round thanks to the reversible air conditioning.

Outside, the private courtyard can accommodate a parking space or be transformed into an elegant terrace. The garage offers a rare advantage: the possibility of being converted into an additional room, workshop or independent office.

A sound, flexible home in a prime location, perfect for a tailored, future-proof project.
