Описание:	

A modern apartment complex is being built in the centre of Calpe. There are still a few 2-bedroom penthouses available for sale. Comfortable and energy-efficient living in the heart of Calpe. Completion is expected at the end of 2027. Prices are starting prices.

The location in the centre of Calpe means that shops, supermarkets, restaurants and the beach are within walking distance.

Description

The penthouses consist of a living-dining room with a fully equipped open kitchen, two bedrooms, two bathrooms and a terrace. The properties will have double glazing, a security door, a heat pump and air conditioning via an integrated duct system.

The building has seven floors and a lift. Only the top floor has a partial sea view. Due to the design of the complex, not all penthouses are on exactly the same level. Residents have access to an outdoor swimming pool with sun terrace, an indoor swimming pool with spa, gym, separate co-working space, storage, parking and 24-hour security. The energy label A emphasises the efficient energy consumption of the project.
