#### Описание:

**Roomy and Well-Equipped Living Space** This condo is really something if you need space and a bit of luxury without jumping into a full house. It's on the 8th floor, giving you some nice views, and with 7 bedrooms and 8 bathrooms, it's perfect for a big family or if you want extra rooms for guests or work-from-home setups. **Kitchen That Works for You** The kitchen's got a clean, bright feel thanks to white cabinets and glass-front doors. You'll find a large stainless steel fridge, built-in oven and stovetop, plus a central island with storage and a hanging rack for pots—makes cooking feel functional and a bit special. The polished stone floors and pendant lights above the island add a polished touch. **Bathrooms and Comfort** Multiple baths include some nice features like a clawfoot tub, walk-in glass shower with rainfall showerhead, and toilets with bidet sprays. Vanities have mirrored wooden cabinets and good lighting, so getting ready is easy and comfortable. **Details and Atmosphere** Wood plank flooring and black & white tiled floors give character. Built-in wardrobes with mirrors make storage easy. Warm wall sconces and recessed lighting create a cozy vibe. Decorative rugs and a four-poster bed add a bit of charm. **Comfortable living area** with an upholstered sofa and mounted TV. With 5 garage spaces and freehold ownership, this place balances practicality and style. It's a resale, so it has a lived-in feel but well-maintained. If you're looking for space and thoughtful details, it's worth coming by.
