Описание:

In the heart of Gujan-Mestras, this fully renovated 116 m² home offers immediate access to the train station, the market and local schools, combining daily convenience with a calm residential setting. The outdoor areas are easy to maintain and enjoy good exposure. A pool enhances seasonal use, a storage shed provides practical space, and an independent outbuilding offers flexible potential for a studio, office or professional activity while preserving privacy.

Inside, the layout prioritises fluid circulation. The entrance opens onto a bright living area with an open kitchen. A ground-floor primary suite ensures everyday comfort.

Upstairs, two bedrooms are paired with a shower room and a separate toilet. Volumes are optimised, storage is integrated and the equipment contributes to efficient running costs.
