Описание:

The 145m² house is built on a full basement and situated on a landscaped and wooded plot of 4000m², located in a quiet area with no nuisances at the end of a cul-de-sac. The house consists on the ground floor of a very large living room with a fitted and equipped open kitchen, one bedroom, a shower room, and a separate toilet. Upstairs, a large landing leads to three beautiful bedrooms, a bathroom, and a separate toilet. The attic is convertible. The entire house, built in 2004, is perfectly insulated, with an excellent energy performance rating of C, wood heating with an insert fireplace, and a sewage system. Outside, two terraces, a beautifully landscaped garden complete this property, with outbuildings, a vegetable patch, a play area for children, a pond, a water pumping and recovery system, and an electrical installation that lights up the entire park at nightfall.
