Set in one of the Costa del Sol's most sought-after residential areas, this development combines location, lifestyle, and modern design. Just 350 metres from El Carvajal Beach and only 20 minutes from Málaga Airport, it offers both convenience and a relaxed coastal atmosphere, surrounded by restaurants, services, and leisure options.

The project features 60 southwest-facing homes, all designed to maximise natural light and open views of the sea and surrounding mountains. Each property includes two parking spaces and a private storage room.

The development stands out for its exceptional communal areas, spanning over 8,000 m². Residents enjoy access to:

- Heated adult swimming pool
- Children's pool and Jacuzzi
- Fully equipped gym

Co-working space with community Wi-Fi
Panoramic viewing plaza
Landscaped gardens with walking paths
Solar panel systems to enhance sustainability and reduce energy costs

Distributed across three architecturally distinct buildings, the homes are designed to create a strong sense of space, brightness, and flow. Large terraces and expansive windows enhance indoor-outdoor living, while dual-aspect layouts ensure natural ventilation throughout.

In terms of specifications, these homes deliver both comfort and efficiency, featuring:

Aerothermal air conditioning (hot and cold)
Underfloor heating
Motorised blinds in living areas and master bedrooms
Integrated Wi-Fi installation
Advanced perimeter security with video surveillance

A well-balanced mix of design, location, and functionality—ideal for both lifestyle buyers and investors looking for strong long-term appeal.
