#### Описание:

Urban land for the construction of a house, located in the heart of the city of Faro, in a central and highly valued area, much sought after both for own housing and for investment.

The land had a project approved in 2022 for the construction of a 3 bedroom villa with a swimming pool, which represents an excellent opportunity for the future owner.

If desired, the buyer can choose to re-submit the same project or make changes, according to their needs and preferences.

The location is truly privileged, just a few minutes' walk from Largo do Carmo, allowing easy and quick pedestrian access to a wide range of shops, services, restaurants, schools and transport.

A rare opportunity to build your home in the city center or to invest in an area of high demand and appreciation.
