Описание:

A fantastic rustic plot for sale in Benissa, located in a quiet and well-connected area, just a few meters from the Benissa train station, only 2 km from the town center, 1.6 km from Perles supermarket, and approximately 6 km from the sea. An excellent opportunity for those looking to live in the countryside with space, privacy, and without the close proximity of neighbours typical of more crowded coastal areas, while still enjoying a peaceful natural setting with all services nearby. The property offers approximately 10,300 m² of completely flat land, ideal for building a custom country house or rural estate. It stands out for its beautiful open panoramic views and excellent orientation, ensuring a very sunny property throughout the day. The plot has water and electricity nearby, making it easy to develop a residential home in the countryside. It also offers free choice of builder, allowing the construction of a fully customised home according to the buyer's needs. A great opportunity for those looking for land for sale in Benissa to build a country house, with space, tranquillity, and quality of life, just minutes from the sea.
