Istria, Buje, a wonderful plot of land with a view!

At the end of a quiet and idyllic village near Kaštela, near the border, is this beautiful building plot of over 1,200 m². The plot is located on a gentle hill, has a regular shape and is oriented to the south, which ensures plenty of sun and a pleasant location.

This property is particularly valuable due to the beautiful view that extends towards the picturesque town of Buje and the surrounding olive groves. The plot has a well-maintained access road, while all the necessary infrastructure is located in the immediate vicinity. According to the location information, it is possible to build up to four terraced houses or one spacious house on the plot, which offers various possibilities for the realization of a private home, investment project or tourist purposes.

Located in an idyllic, natural and peaceful environment, and at the same time close to all necessary facilities, this plot represents an excellent opportunity for those who want to enjoy peace, nature and beautiful Istrian views.

We recommend a tour and the opportunity to experience the potential and uniqueness of this property firsthand!
