Completely flat and with easy access, the land has a project, in the final stage of approval, for the construction of 10 townhouses, 2 of which are T4 and the remaining 8 are T3.

After approval of the project, there is the possibility of dividing the land in two, leaving the project land with 3,750m² and the other land with 12,140m², and it is foreseeable that this land, currently in Agricultural Reserve, will become urban and, thus, possible to build on it.
