Detached house with a lot of charm and personality with a beautiful independent apartment and garage that is located at the height of the Mill in the town of Puig d'en Valls, a few minutes from Ibiza center and near the sports center "Es Puig d'en valls", schools, supermarkets, bakeries, gyms, restaurants and bars.

This house with so much charm was built in 1961 defined by a type of construction with thick insulating walls and prepared with a good foundation since it was always the intention to add a second floor to the property with entrance from the outside or inside or both and in fact there is permission for it. The original dimensions of the house were 76m2 and it was extended in 2004 until it currently has 138m2 built.

The extension that was made became a beautiful semi-dependent apartment with a large room and bathroom, the entrance to the apartment is independent and has direct access to the garden with a "chill out" area, Jacuzzi and part of the land where you can plant.

The main house has a large split-level living room with plenty of natural light from large windows and a fireplace. From the living room of the main house there is also access to the private apartment, there is the possibility of having total privacy or having everything in an open space and joining the two environments. It has a large fully independent kitchen and a laundry room with the possibility of connecting with the living room to unite everything in a large space. It has two double rooms and two
