Açıklama:	Building with approved project in Lisbon.

The development is located in the upper, quieter and more prestigious area of Downtown Lisbon and overlooks the river and the old city center of Lisbon.

The project will include the complete renovation of a typical Portuguese property with an excellent exterior and meticulous and modern planning in the interior. This project is excellent for investment purposes with long-term lease, since it is located in an area that has been significantly improving its prices.

The apartments are distributed between T2 and T4, including several commercial spaces for sale on the ground floor and basement.
