Beautifully renovated house on a large plot.

The house has been renovated from 2019, with new doors and windows, water and electricity pipes were replaced. The house has also been insulated since then.

In the house a living room, two bedrooms, the kitchen, the toilet and the bathroom. Under the house there is a cellar.

The plot is no less than 7,948 m2 and a garage in the garden. A large part of the plot is planted with acacia trees, but there is also a vegetable garden and some fruit trees.

Facilities such as water and electricity are available. For drainage there is the septic tank. The house can be heated with the fireplace, the central (wood-fired) boiler and the air conditioners. The h-tariff is already present, which makes this a cheap solution for heating. Connecting a telephone and/or Internet is no problem.

You will find this house in the village of Teklafalu, a village with almost 400 inhabitants located in the southwest of Hungary. 10-20 km from the larger towns of Szigetvár and Barcs where you can do all

major shopping. In Szigetvár there is also a swimming pool (also thermal bath), you can go to a restaurant, a terrace, etc. For golf lovers there is the beautiful golf course of Hence at 30 km.

With this house it is good to know that the seller needs 3 months to move out. She needs that time to find something else.
