This is a large three storey single house located in a secure compound in Nana. The home includes five bedrooms, all with ensuite baths, a guest bath and a maids room.

Downstairs is the spacious living area with high ceilings and large oversized windows. There is a living room, dining room and a modern western kitchen. The kitchen is U-shaped with big counters and many wood cabinets. It includes a stovetop, oven, microwave and a double doored refrigerator. Included are wood built in furniture and a stylish wood staircase.

The bedrooms are situated on the next two levels. They include large windows and built in wardrobes. There is a balcony and one of the bathrooms has a bathtub. Outside a small but lush garden surrounds the house. There is a outdoor seating area and the washing machine and dryer is located outside.

This single family home has the feeling of living in the country, but in the middle of the big city. Contact us about living here!

Location Sukhumvit

With a mix of shopping malls, hip bars and food stalls lining both sides of Thailand's longest road, you'll

rarely encounter a dull moment along Sukhumvit. While the main road itself doesn't offer a lot in terms of entertainment, it's the adjoining 'sois' (alleys) where the magic happens. Popular spots are soi 11 for a lively night out, soi 4 for naughty nightlife and soi 21 for world-class shopping at Terminal 21. It's hard to cover everything this area has to offer in one day, so be sure to take your time. Sukhumvit is heavily congested with traffic during day and night, so getting from A to B is most convenient using the BTS Skytrain right above it.
