Açıklama:

Located in Agios Nikolaos.

This is an unfinished building (concrete skeleton) on private land of in the resort of Istron, Kalo Chorio, Lasithi, Crete.

The property is within a short walk to 3 lovely sandy beaches (one of them-Voulisma Beach- is considered one of the best on the island), shops, restaurants, café bars and other services and amenities offered all through the year in the pretty resort of Istron.

The building stands on a private plot of 1520 m2 allowing for a pool, BBQ area and parking spaces to be made.

It is possible to build another 200 square meters of house or house anywhere in the existing plot.

This makes it a unique property in the Istron area.

This means that although the area is ideal for tourist development there is no possibility of new hotel licenses to be obtained in the area making this investment even more exclusive.

Less than an hours drive from the international airport of Heraklion “Nikos Kazantzakis”.

Agios Nikolaos is the capital of the county Lasithi and is located at the Mirabello Bay, north-east Crete, only 45 mins away from the international airport of Heraklion.

Geographically the town is well protected from strong winds allowing sea sports and swimming nearly all year round.

Although Agios Nikolaos has a population of less than 20,000 it has a several banks, supermarkets, shops of every kind, doctors, a modern hospital of high standard, public swimming pool and tennis courts, yacht marina, harbour, cinema, theatre, gyms, a 9-hole golf course, schools ranging from nurseries to 6-level high school and generally all the amenities you would expect to find in a modern European town.

The microclimate is one of the best in Greece and the moderate temperatures rarely exceed 30c in summer or fall below 15c in wintertime. This wonderful dry climate together with the natural beauty of the area has attracted most of the high class hotels of Greece to operate here.
