Açıklama:

Building plot of approximately 1400 sqm in a panoramic and private location with views over the Gulf of Salò.

The land is situated in a quiet area, surrounded by lush greenery, with few high-end properties nearby, ensuring privacy and prestige.

The project, already approved by the Municipality and the Heritage Authority, foresees the construction of a single detached villa of approximately 200 sqm on one level. The villa is designed with a modern and minimalist style, where the connection with the surrounding environment is enhanced by large windows that follow the sun's path and offer a truly breathtaking lake view.

The home's concept includes a spacious living room, dining area, and open-plan kitchen, four double bedrooms, three bathrooms, and large outdoor porches designed to ensure a high quality of living. The basement also includes a quadruple garage, a laundry room, and a cellar, providing practical and functional space management.

The residential proposal is completed by a swimming pool with dedicated service rooms, located near the living area, and a beautiful elevated terrace overlooking the living space, offering an extraordinarily charming lake view.
