### Açıklama:

Three plots of rustic pasture and vineyard land, with the vineyard area having several fruit trees, namely cherry, fig, pine, etc.

There are 3 rural plots, sold only together, despite being located far from each other.

The vineyard plot is viable for construction, given that it is located in the village, very close to another house that has already been built.

Located in the Trás-os-Montes region, these lands, in addition to being able to be used for tree and wine growing, the vineyard plot is also suitable for building your own home.

Potential for agricultural project and/or farm with country house.
