479 ha of land are for sale. Of this, 8 ha have been cleared and are intended for arable farming (e.g. macaxera, papaya, pumpkin, watermelon) and a further 8 ha are planted with perennial crops (coconut, cupuacu, bananas, pepper).

Workers can live in the farmhouse, which is elevated. A small river flows in the immediate vicinity, which has good water all year round. Due to the deep location of the river, there is no danger of flooding and the water can be directed to the fields by means of an existing pump.
