Exquisite Costa Rican Property: Home and 5.5 Acres with 3 Internationally Acclaimed Turnkey Businesses

This Income-Producing Piece of Paradise Could Be Yours: Explore Costa Rica's Captivating Opportunity. This is a beautiful piece of property that right now has a beautiful 4 BR home and three income-producing businesses that are ready for someone to come in and starting making an income in paradise. The building that currently houses the Restaurante Caballo Negro and the Lucky Bug Gallery, as well as an additional structure that now has a tenant who is a contractor and is using the space as a showroom. This is additional income that has just started in 2023. The possibilities are endless, but while you consider the different options, you have an already proven successful B&B, restaurant and gallery to keep you going while you decide other uses you might enjoy.

4BR Home and 2,400 sf Office/Showroom

The home on the property is a beautiful house with an open concept layout. From the front door to the back patio is completely open and allows for the afternoon sun and breezes to cool down what might have been a warm day. The patio allows the owners to relax and talk while looking out at the private lake and watch the birds and sometimes monkeys and other animals. The current floorplan has a large living room with an electric fireplace that takes the chill off when the weather cools off. As is in the B&B, no A/C or heat is needed because of the ideal climate. On this side of the lake we get less wind than the other side, slightly more rain, but everything is greener. There currently are 4 BR and 2 BR, a large laundry room/storage room for both the house and B&B, and another room currently used for storage for the B&B, but has a separate entrance and can easily be used for an office. There are many possibilities for modifications.
