The plot, with a total area of 450 m² and 175 m² of construction, already has an approved project by a renowned architect, designed with contemporary lines that blend harmoniously into the regions traditional setting.

The project includes a two-story villa with a 90 m² basement, designed to offer modernity, comfort, and functionality. The spacious and versatile basement offers multiple possibilities of use, whether as a gym, cinema room, leisure area, or additional storage space, adding further value and flexibility to the future home.
