The resort received the status of a city in 2006. But the creation of a resort area began here after the opening of a sanatorium for the treatment of lung diseases.

Sveti Vlas is located at the junction of mountains and the sea, in the northern part of the bay, directly opposite the ancient city of Nessebar, listed as a specially protected UNESCO site.

In the central part of the bay there is a famous Bulgarian resort – Sunny Beach, the northern edge of which smoothly passes into the first buildings of St. Vlas.
