ISTRIA, OPRTALJ - Ancient building with a view of nature

Oprtalj, located in northwestern Istria, is one of the most charming Istrian villages, known for its rich history and beautiful landscapes. With its narrow stone streets, indigenous houses and peaceful surroundings, Oprtalj offers a unique opportunity to escape from everyday stress. This small town is the perfect place to explore Istrian culture and tradition, as well as enjoy picturesque views of the surrounding hills and valleys. Its proximity to numerous wine cellars, olive groves and local restaurants further enriches the experience of life in this wonderful part of Istria. A stone house with a view of nature in a quieter settlement is for sale. The floor plan of the house is 65 m2 and it is located on a plot of land of 193 m2. It has an access road from an asphalt road. The house needs adaptation. An ideal property for creating a family home.
