The greatest desire, for those looking for a property to buy in Venice, is the possibility of admiring its great beauty on a daily basis, be it its monuments, its works of art or the unforgettable magic of its light reflected in the canals and in the windows of the palazzi, which has always been a source of inspiration for painters attempting to immortalise the charm of La Serenissima. This property, located in one of the most sought-after areas of the city for convenience to services and neighbourhood shops, enjoys all these advantages. It is a ground-sky portion developed on three levels with an independent entrance, comprising a living area overlooking a spectacular terrace with an evocative view of the typical Venetian campo below, three bedrooms and three bathrooms (one of which is en suite), which was significantly restored in the early 2000s. If your imagination is already leading you to anticipate your evenings in company immersed in the pleasure of your new terrace blooming under a sea of stars, we are ready to accompany you in discovering this jewel and the richness of the area that forms its backdrop.
