Açıklama:

In a quiet and preserved environment, this house invites you to a lifestyle in harmony with nature. Set on a fully enclosed plot of 2.5 hectares, it offers unobstructed views of the surrounding mountains and peaceful countryside.

The exterior of the property seduces with its unique charm: a wood-fired oven for convivial moments, a central pond, a mature and carefully maintained garden. The exteriors, worked with rocks and pebbles, create a real oasis, while the arches that border the house offer shaded areas and protect it from the summer heat.

On the first floor of the house, two terraces offer distant panoramas of nature, the surrounding fields and mountains, perfect for enjoying the calm and beauty of the landscape.

Inside, on the ground floor, communicating rooms make up a living room, dining room and kitchen area, in addition to a bedroom and a bathroom. Two additional bedrooms are upstairs, each with access to a terrace and sharing a bathroom.

Practical and functional, the property also has a closed and independent garage, a solar panel for water
