Açıklama:

The atmosphere of a village 500 m from the Parc des Buttes-Chaumont in Paris

Nestled in a quiet street on the edge of the 20th arrondissement, "L'Intemporel" benefits from the immediate proximity of schools, numerous shops and many services. Its privileged location near the Buttes-Chaumont park combines the dynamism of a lively neighbourhood with excellent transport links and the attractiveness of one of the largest green spaces in Paris.

"L'Intemporel" is in the spirit of Art Deco. The elegantly designed façades, adorned with natural stone, the ironwork on the balconies and the common areas exude the authentic, cosy charm of the 1930s.

Built according to the luxury codes of the time, "L'Intemporel" benefits from quality services, carefully renovated over the years: decorated lobbies, stair carpets, solid wood landing doors, vast and cosy entrances, glass lifts. The spacious, light-filled flats are fully compliant with contemporary standards of comfort.

A trendy, family-friendly neighbourhood

In just a few decades, the 19th arrondissement has become a place for living, walking and trendy tourism. Green alleys, parks, unusual places, strolls along the Ourcq canal are the attraction of this lively district which hosts cultural events, cinemas, hotels and restaurants.

IMLIX

Sought-after by Parisians and tourists alike, the district offers numerous infrastructures and services while cultivating a small family village atmosphere in the heart of the city, such as the Mouzaïa district of America and its colourful villas, which have a particularly intimate atmosphere.
