Açıklama:

Plot for sale in Rhodes. Positioned in a privileged area between Afantou and Kolymbia, just 800 meters from the beach and near a well-known hotel, this 5,240 square meter plot presents an exceptional opportunity for development in one of Rhodes most promising regions.

With a permitted building allowance of up to 208 square meters, the property combines natural beauty, investment value, and traditional Mediterranean charm.

The land is flat and easy to develop, with direct access to water and infrastructure for electricity. It is ideal for a private residence, a high-end holiday villa, or a boutique tourism project.

Surrounded by productive olive trees, the plot offers a serene and authentic environment, perfect for those seeking a connection with nature or considering agrotourism ventures.

Its location ensures both tranquility and convenience, with immediate proximity to organized beaches, tourist resorts, and essential amenities. Afantou is rapidly transforming into one of the most dynamic destinations in Rhodes, attracting increasing demand from discerning investors and property seekers alike. The combination of coastal access, development potential, and strategic location makes this land a valuable long-term asset.

This is a rare opportunity to secure a piece of Rhodes that delivers both lifestyle and future return—just steps from the sea and in harmony with nature.
