Welcome to our exclusive new development in Bigastro, consisting of eight modern villas, four of which also feature a basement offering versatile design possibilities. Each villa combines stylish design, bright, open spaces, and high-quality materials – perfect for comfortable living amidst the idyllic landscape of the Vega Baja del Segura.

The villas feature three spacious bedrooms and two elegant bathrooms . The open-plan living and dining areas are flooded with natural light, creating an inviting atmosphere ideal for family and friends. The modern kitchen with high-quality countertops is perfect for cooking and entertaining.

For relaxing hours outdoors, you can opt for a private swimming pool or use the accessible roof terrace to fully enjoy the Spanish sun. The villas with basements offer additional space for guest rooms, a home office, or hobby areas – the possibilities are endless.

Other options include photovoltaic systems for sustainable energy , a fully designed pool area with LED lighting, or additional design possibilities for the terrace and garden. Each villa can thus be individually tailored to your wishes.

The villas combine modern living, first-class amenities, and breathtaking views to create a unique living experience. Thanks to the two construction phases, the first villas will be available from June 2027 , with the remainder following from September 2027 .
