Açıklama:

There are houses that need work.

And there are houses where you just need to bring your bags.

In this villa, fully refurbished and furnished, the authenticity of traditional Portuguese architecture meets a contemporary design, creating a cozy, elegant and ready to be lived space.

It is impossible to remain indifferent to the luminosity, the high ceiling height of the social area and the carefully preserved details, such as the natural stone and the exposed brick wall, which give personality and character to each room.

The fully equipped kitchen integrates harmoniously with the living room, creating a perfect environment for entertaining friends, working from home or simply enjoying the tranquility of country life.

The large master bedroom provides a comfortable and functional environment. Originally designed as a 2 bedroom villa, the current distribution favors a generous suite, but allows, in a simple way, to return to the original configuration of two bedrooms, adapting to the needs of a family, those who work from home or those looking to further enhance the property.

Outside, you will find a private patio with enormous potential to create a dining area, a lounge space or a small garden, making this house even more special.

Located in the quiet village of A-dos-Ruivos, in the municipality of Bombarral, this villa allows you to
