Lots of space for a nice price in a village near forest and a lake.

In the house the hall, living room, 2 bedrooms, the kitchen with pantry and the bathroom. Furthermore a room with a separate entrance.

The plot is approximately 1,200 m2 and there is a summer kitchen with pantry, but also an outbuilding that could easily become a guest room.

There are two rooms. There is also the garage and two cellars.

Facilities such as gas, water (now comes from the own source), electricity (also 380 V). For drainage there is a septic tank. Mains water and a connection for the sewerage are present on the plot. The house can be centrally heated with a gas-fired central heating system and the wood stove is also still present. Both are currently out of use. Connecting the internet is no problem.

The house is located in a small town called Borsodnádásd (3,500 inhabitants), in a beautiful area close to a lake. Borsodnádásd is located in the north, not far from the Bükk national park. Ideal area for walking, hiking, mountain biking etc. Szilvásvár, (known for its horses) is only 10 km away and here are various catering establishments and opportunities to go out (eating). A little further, at 30 km, the beautiful city of Eger where a visit to the centre with the basilica and the castle is certainly worth it.

House with possibilities to live in with multiple families.
