Açıklama:

Located in Máriakéménd.

We offer for sale a family house with a gross floor area of 80.5 m², mixed masonry - brick and adobe, which underwent a complete renovation in 2020.

During the renovation, the entire water and electricity network, the coverings and plasters, and the windows were renewed. A new suspended ceiling was made, the attic floor was insulated, and the central heating system and gas boiler were also modernized.

The layout of the home consists of a living room with an American kitchen and a separate bedroom. The central heating is provided by a gas boiler.

The roof is in good condition, so it did not require renovation during the 2020 works. The house is structurally stable and crack-free.

An additional advantage of the property is the beautifully landscaped, green yard, which provides a pleasant environment for everyday life and outdoor recreation.

In the yard there is a 25 m², separate small house, as well as several, approximately 10-20 m² servers. building. They can be used in many ways: as storage, workshop, hobby space, or, depending on their features and the necessary permits, even for business purposes.
